Subject Index to Volume 15

Acid rain
  effects of, on white pine, 77
  effects of, on anion transport, 321
Aminocarb
  toxicity of, 385
Atrazine
  effects of, on vascular plants, 277

Bacteria
  growth of, on pesticides, 137
Birds
  effects of fenthion on, 83
  effects of methamidophos on, 143
  metals in egrets, 185
  chemical residues in gulls and terns, 313
  chemical residues in, Texas, 367
  effects of weathered oil on, 453
  reproductive tests on Mallards, 751, 757

Cadmium
  in freshwater clams, 1, 9
  in hard clam, 23
  interaction with benzo(a)pyrene in fish, 257
  toxicity of, in crayfish, 401
  toxicity of, in rats, 409
  pollution in lake, India, 417
  toxicity of, to crustaceans, 465
  effects of, on common shiners, 473
Captan
  worker exposure to, 301
Cells
  toxicity of metals to Bluegill, 31
Chicken
  toxicity of organic extracts in, 447
  effects of phenobarbital and leptophos in, 653
Chlordane
  in mothers' milk, 327
  bioavailability of, to *Daphnia*, 529
Clams
  cadmium in, 1, 9, 23
  accumulation of PCBs and metals in, 171
  effects of Zn on, 427
Copper
  pollution in lake, India, 417

Daphnia magna
  precision of, in acute toxicity tests, 741
Diatoms
  effects of nutrients and lead on, 291
2,4-Dichlorophenol
  effects of, on common shiners, 473
2,4-Dichlorophenoxyacetic acid
  binding of, to plant cuticles, 97
  worker exposure to amine salt, 677
Dicofol
  worker exposure to, 121
Dinoseb
  teratogenicity in rat, 377
Drilling fluids
  effects of, on mollusc, 215

Effluents
  toxicity of, to copepods, 199

Fish
  aromatic hydrocarbons in, 61, 207
  benzo(a)pyrene in, 251, 257
  contaminant trends in, Great Lakes, 349
  chemical residues in, San Joaquin Valley, 357
  effects of cadmium on, 473
  heavy metal toxicity to, 481
  aquatic humus and micropollutants effect on, 543
  effects of pentachlorophenol on, 549
  effects of cyanide on trout, 603

Halogens
  control of freshwater bivalves by, 535

Insecticides
  growth of bacteria on, 137
  DDE residues in wildlife, 149
  toxicity of aminocarb, 385
  in human colostrum, 525
  DDT in Beluga whales, 567
  exposure of dieldrin-DDT to culture cells, 581
  effects of carbaryl and malathion on rats, 647
  fate of carbaryl as function of pH, 661

Lead
  bacterial dissolution of PbO, 611
  response of algae to Pb and polyphosphates, 617

Mercury
  calculating, in soil, 435
  in plants, 439
  in Canadian lake sediment, 505
  and thiols in mice, 629
4,4'-Methylene-bis(2-chloroaniline) (MBOCA)
  plant uptake of, 589
  fate of, in soil, 595
Mice
  effects of plant growth regulators on, 265
  phenols, effects of on skin, 557
  mercury and thiols in, 629
Mink
  toxicity of PCBs to, 393, 717
Mitomycin C
  chemical stability of, 235
Mollusc
  effects of drilling fluids on, 215
Monkeys
  toxicity of PCBs in, 159

Nabam
  effects of, on toads, 637
Nitrogen dioxide
  effects of, in rats, 733

Obituary
  Francis Alan Gunther, 135
Oil
  Effects of weathered, on shearwaters, 453

Organophosphates
  effects of fenthion on herons, 83
  pneumotoxicity caused by, 87
  worker exposure to terbufos, 113
  growth of bacteria on, 137
  effects of methamidophos on bobwhites, 143
  letophos and phenobarbital, effects on hens, 653

PCBs
  see polychlorobiphenyls
Pentachlorophenol
  effects of, on periphyton biomass, 51
  effects of, on common shiners, 473
  effects of, on trout, 549
  vaporization of, from treated wood, 669
Plant growth regulators
  effects of, on mice, 265
Polybromobiphenyl
  effects of FireMaster BP-6 in rats, 725
Polychlorobiphenyls
  in sediments, 69
  toxicity of, in monkeys, 159
  accumulation of, in prawns, 171
  uptake of, by loosestrife, 285
  in humans, 333
  toxicity of, in mink, 393, 717
  in Beluga whales, 567
  congener analysis of, in rat pups, 687
  distribution of, in suckling rats, 709
Prawns
  accumulation of PCBs and metals in, 171

Ruthenium nitrosyl
  toxicity of, to marine organisms, 519

Sediments
  PCBs in, 69
  aromatic hydrocarbons in, 241
  heavy metals in, in roadside streams, 489
  lead and zinc bound in, 495
  mercury in, in Canadian lakes, 505
Selenium
  uptake in aquatic food chain, 513

2,4,5-Trichlorophenoxyacetic acid
  binding of, to plant cuticles, 97
Turtles
  effects of contaminants on, 39

Urinary enzyme stabilization, 343

Worker exposure
  to phenoxy acid herbicides, 107
  to terbufos, 113
  to dicofol, 121
  to captan, 301
  to 2,4-D dimethylamine, 677

X-irradiation
  effects of, on marine organisms, 227

Zinc
  effects of, on clams, 427
